BLOCK
HEADS

Block 28: Pumpkin - Jan Patek

Please feel free to use your preferred method of applique. Note: Templates do not include ¼" seam allowance.

Fabrics are listed in order of use:

- (1) rectangle, 4 ¼" x 4 ¾" (PUMPKIN, PART 1)
- (1) rectangle, 3 ¾" x 4" (PUMPKIN, PART 2)
- (1) rectangle, 2 ¼" x 4" (PUMPKIN, PART 3)
- (1) rectangle, 1 ½" x 2 ¼" (STEM)
- (1) square, 7" x 7" (BACKGROUND)

Freezer Paper-Needleturn Appliqué*

Note: Please read through instructions thoroughly before beginning.

1. Using pattern on Page 2, trace each of your templates onto matte-side of freezer paper and cut out.
2. Center freezer paper templates, matte-side facing up, onto the RIGHT side of the fabric; press in place.
3. Adding ¼" seam allowance, cut freezer paper templates from fabric.
4. Trace around the outside edge of the freezer paper templates onto the fabric with a colored pencil or chalk; this will assist with needleturn appliqué. Tip: Use a sandpaper board underneath for stability as you trace around the template shape.
5. Peel off freezer paper.
6. Fold the 7" x 7" square backing fabric in half by matching top and bottom edges; finger press. Open fabric square and then fold in half again by matching side edges; finger press.
7. Working with one shape at a time, center and place shape onto the background fabric. Pin, glue, or baste in place and then needleturn appliqué to the background fabric. Continue this process with all shapes until finished. *Note: See link, below, for Jan's instructions on how to make points (for the stem).*

Finish

8. Gently press finished appliqué block.
9. Center block and trim to 6 ½" x 6 ½".

*Learn to **Appliqué Like a Pro** by subscribing to Jan's tutorials for freezer paper and needleturn appliqué on YouTube:
