Collection for a Cause Sunshine

In Loving Memory of Gene Stewart
Benefitting the American Autoimmune Related Diseases Association. AARDA.org

Unique individuals require something a little bit different. Collection for a Cause Sunshine is not your typical reproduction collection, unless your inspiration is 1950s Hawaiian prints.

The late Gene Stewart was a much-beloved part of the Moda family and he loved Hawaiian shirts—he wore them whenever something else wasn’t required. As a tribute to him, this Sunshine collection will benefit the American Autoimmune Related Diseases Association.
